

*'The children receive a lot of attention and love.'*

## The playgroup: for all Hilversum children

The playgroup is a beautiful and safe place for your child to explore, play and learn with other children. And conveniently in your own neighborhood. Children aged 2 to 4 are welcome here two or four half-days per week. At the playgroup, a lot of attention is paid to language, physical exercise and creativity. It makes the big step to primary school smaller.

### Learning through play

Interaction with other children is important for the development of toddlers. At the playgroup they learn what it is like to interact with others and all that this entails. By playing and exploring with other children and the leaders, your child will develop itself in terms of motor skills, social emotional and cognitively. This increases self-reliance and self-confidence. For now and the future.

### Fixed group

Children will be in a fixed group at the playgroup. At some playgroups leaders have help from parents or volunteers. Parents and carers find the playgroup a nice place to meet and share experience and knowledge about toddlers.

### Fees preschool

From 2018 parents and carers pay fees related to their income (from about € 11 per month). Parents and carers on a low income can reclaim the parental contribution.

Information about this can be found on [www.hilversum.nl/kindpakket](http://www.hilversum.nl/kindpakket).

### Overview of playgroups in Hilversum

Is your child ready to play, talk, explore and move with peers? Then register your son or daughter for one of the playgroups in Hilversum. Visit [www.hilversum.nl/peuters](http://www.hilversum.nl/peuters) for a playgroup in your neighborhood. On this website you will also find information about the fees, possible childcare allowance and registration.

# Playing together at the playgroup

*'The leaders follow the development of my daughter and sometimes give advice, for example about language. I really like that.'*

I like the play-group!

I make friends and I play with different toys than I do at home outside I can climb, ride a bike and go down the slide or do a jigsaw puzzle inside we make the most beautiful things we laugh a lot I explore with my friends together we make the highest tower with blocks I learn from you and you learn from me during the break we eat fruit the teachers are nice

Will you come and play with us too?
